Madam:

The Attorney for the Assignee did fax over form PTOL-413A requesting an interview with the Examiner regarding claims 1 and 6. However, the Attorney for the Assignee respectfully disagrees with the Examiner in that the Attorney for the Assignee did not agree that the Watanabe patent reads on claim 1 of the present application. In addition to disagreeing regarding issues surrounding the claim limitations, it is noted that claims, in general, are referred to as "reading" on presented documents rather than the other way around. The Attorney for the Assignee did agree in principle at least that the claims may be amended in an RCE to be filed.

Respectfully submitted,
